7 December 54

MEMORANDUM TO: Colonel White

SUBJECT : Providing of Night Transportation Service  
to NSC

1. Mr. Noonan of NSC advised (by phone) that during the week ending 4 December 1954, the CIA night duty officer, in response to requests from NSC, advised he had no authority or authorization to dispatch CIA vehicles for the purpose of transporting employees, who were working late, to their homes.

2. Mr. [ ] talked with Mr. Noonan about this matter and advises:

a. That NSC has in mind that CIA authorizes use of vehicles to take employees home whenever they work late.

b. That this is contrary to existing CIA regulations and the opinion of General Counsel.

c. That NSC was advised that we have a station wagon on call up to 9:00 p.m. to take employees to a location where public transportation is available and special trips of vehicles are authorized to take employees to available public transportation when they work after 9:00 p.m.

d. Cars to take employees to their homes can only be authorized by the DCI as operational necessity.

3. This matter is brought to your attention in order that we may have policy and guidance in regard to what should be done in the future when NSC requests cars to take people to their homes.
